PROFESSIONAL SUMMARY

Program Manager with 7+ years of operations and delivery experience across Amazon, e-commerce, luxury retail, and online advertising. Takes programs from requirements to go-live, using Agile delivery, dependency mapping, and operational-readiness gates. Led an end-to-end CRM transformation across 6 vendor teams, reaching **100% adoption in 4 weeks**, an **8% conversion lift** and **15% retention growth**; at Amazon, drove root-cause automation cutting errors **25%**. Skilled in cross-functional stakeholder management, program cadence, and KPI reporting that turns ambiguity into structured execution.

CORE COMPETENCIES

Strategic & Operational Initiatives • Business Analysis & Insights • Executive & Cross-functional Stakeholder Management • Process Transformation • Root Cause Analysis • KPI Design & Leadership Reporting • Agile Program Delivery

WORK EXPERIENCE

Program Manager (Lead – CRM & Talent Management), Vasundhara Diamond Roof *Nov 2025 – Jul 2026*

- Owned CRM transformation off legacy systems, defining use cases and user stories; raised process efficiency 15%.
- Tracked sprint delivery, rollovers, UAT defects, and blockers across 6 vendors, escalating early to protect milestones.
- Defined “Done” as SOPs published, staff trained, quiz-certified; hit 100% adoption in 4 weeks, conversion up 8%.
- Set program cadence (scrum calls, office hours, MoMs) and VoC feedback loops, cutting operational errors 10%.
- Launched referral and retention initiatives, growing customer retention 15% through Q2 2026.
- Built hiring and SOP/L&D training for 30-member sales team; new hires productive in 2 weeks, escalations down 27%.

Amazon *Nov 2019 – Nov 2025*

Senior Catalog Associate *Dec 2021 – Nov 2025*

- Managed ETL workflows and catalog data across international marketplaces, holding 100% SLA and 99% accuracy.
- Monitored team productivity, quality, and utilization KPIs; built Excel PivotTable leadership reports, deep-diving on deviations.
- As SME, led histogram RCA and macro automation adopted by 2 teams; cut errors 25%, headcount costs 5%.
- CN team point of contact, turning stakeholder process updates into team guidelines and data-backed status reports.
- As certified Mentor, trained 15 new hires; co-built a team onboarding deck, cutting onboarding 5.5 hours per hire.

ML Data Associate *Nov 2019 – Jun 2021*

- Improved Alexa voice recognition through multi-modal data analysis, sustaining 95%+ labelling accuracy.
- Partnered cross-functionally to sharpen labelling guidelines and SOPs, informing stakeholder reports that lifted efficiency.

Process Executive (Google Ads), Cognizant *Feb 2017 – Aug 2017*

- Delivered end-to-end Google Ads support across 8 regions, holding <24-hour resolution and 99% accuracy.
